ERoad
Assign an Ehubo to a Vehicle

eroad.com
Learning Objectives

In this training session, you will:

• Assign an Ehubo to a vehicle
Depot Setup – Access Ehubos

Perform the following tasks to access the Administration menu to assign an Ehubo to a vehicle.

1. Click the **Settings** icon.
2. Click the **Administration** menu.
3. Click the **Ehubos** submenu.
Depot Setup – Assign an Ehubo to a Vehicle

Ehubos are EROAD in-vehicle Electronic Logging Device (ELDs) units, which interface with the Depot application to provide vehicle location and driver activity.

1. Click the **Assign to Vehicle** link to assign an Ehubo to a vehicle.
2. Click the vehicle in the list, to which you want to assign the Ehubo.

3. (optional) Enter vehicle information in the Vehicle Search field to locate it, if the list is long.

   **Note:** Click the Add New Vehicle button if the vehicle has not yet been entered into the Depot application. This opens the Administration > Vehicles/Assets > Add New Vehicle or Asset to the Depot dialog box.
4. Enter the odometer reading in the Vehicle Odometer at Install field.

5. Click the Date Picker icon to select the install date in the New Install Date field.

6. Click the Vehicle Plan drop-down arrow and select the applicable plan.

7. Click the Tax Service option that applies to this vehicle.

8. Click the Assign to selected vehicle button.
Learning Summary

In this training session, you:

- Assigned an Ehubo to a vehicle
THANK YOU
